

CHAPTER SEVEN Every Players Position: Soul Winning

RECAP

- “Catch a vision for the gospel’s ability to transform any one of those lives as powerfully as it has transformed yours. Understand that the same basic spiritual disciplines of prayer, Scripture study and gathering for worship with other believers not only strengthen your personal walk of faith but are intended to prepare you to share your faith.”

DISCUSSION STARTERS

- The author states boldly, “You are an evangelist.” Do you agree?
- If you don’t have a pulpit to preach from, how can you be an evangelist? Share ideas of how the Great Commission can be pursued by an individual.
- Discuss how your neighborhood, community and place of employment are your “mission field”.
- Author’s theory: “If the church were fully engaged on a daily basis on the job and community and in school, we would have more people commit to Christ through the week than on Sunday.” Do you believe that to be so? Is it possible? What can be done to make it happen?
